Amendment 4,
The Taxpayer

Amendment**

Missouri politicians have proposed new taxes on services seven years in a row, even though you already pay your fair share in income, property and sales taxes. Unelected bureaucrats are already trying to implement taxes on services such as home deliveries of any kind without a vote of the people or legislation. Amendment 4 would put a stop to these actions.

Enough is enough! Amendment 4, The Taxpayer Protection Amendment, protects you and your family from new sales taxes on the services you use every day.

More taxes would be hard on everyone, but new sales taxes are hardest on those least able to pay, including seniors, the disabled and those on fixed incomes.

Without Amendment 4, hard-working families like yours could have to pay more for service you use every day - services like haircuts, rent, daycare, car repairs and medical services.

Frequently Asked Questions:

What does Amendment 4 do?

A “yes” vote will amend the Missouri Constitution to prohibit a new state or local sales/use or other similar tax on any service or transaction. This amendment only applies to any service or transaction that was not subject to a sales/use or similar tax as of January 1, 2015.

Will Amendment 4 impact state and local budgets?

No, passage of Amendment 4 will stop politicians and bureaucrats from creating a new sales tax on services. It does not repeal any existing tax. Amendment 4 will protect you from any new sales tax on the services you use every day.

Why do we need a Constitutional Amendment?

Politicians keep trying to find ways to tax the services you use every day. We need to put an end to this idea once and for all. The only way to do that is by a majority vote of the people. Over 300,000 Missourians signed petitions to put the Taxpayer Protection Amendment on the ballot. Thousands of small businesses in every corner of the state are supporting Amendment 4 to protect their customers from new taxes.
